### **Chartwell Named to Pittsburgh Fast 50 for Fifth Consecutive Year**

Pittsburgh, PA, October 4, 2021—Chartwell Pennsylvania, LP, one of the largest and most clinically advanced health system-based providers of home infusion, specialty pharmacy, and enteral nutrition in the nation, joined the ranks of the [Pittsburgh Business Times Fast 50](#) list of fastest-growing companies in Western Pennsylvania for the fifth consecutive year. Chartwell was ranked number 12 on Pittsburgh’s Fast 50 in 2021 based on revenue growth over a three-year period (2018-2020) for privately held, for-profit businesses. Chartwell’s revenue growth exceeded 67%, an incredible achievement in the wake of the COVID-19 pandemic and the myriad challenges placed on businesses throughout 2020.

Last year, Chartwell and UPMC announced a landmark partnership with CarepathRx to expand patient access to innovative pharmacy services. [CarepathRx Specialty Pharmacy & Infusion Solutions](#) President Kathleen Patrick, who oversees the Chartwell management services organization, called the honor a testament to Chartwell’s unwavering employee dedication to serve its patient population.

“Once again, our employees have demonstrated their unrelenting perseverance and dedication to continue the work at hand despite the many challenges that faced not only the healthcare community but the national workforce,” said Patrick. “I’m proud to say that Chartwell rose to the occasion to provide uninterrupted service to our patient population and set new records in patient advocacy and assistance.”

Chartwell rose to meet the rising health system demands brought on by the pandemic by compounding over 30,000 bottles of hand sanitizer to benefit area UPMC hospitals and assembling more than 80,000 viral transport medium kits, a vital component to COVID-19 tests. Since December 2020, Chartwell has also administered over 70 monoclonal antibody home infusions to meet a crucial need for non-hospitalized, high-risk coronavirus patients.
